

KIKANI VIDHYA MANDIR

Senior Secondary School

(Affiliated to CBSE)

Circular No.4 /2019-2020

05.07.2019

Dear Parent,

Warm greetings from Kikani!!!

Vidhaithu Payir

Learn to Nurture

This initiative of KIKANI VIDHYA MANDIR was conceptualized with an idea of cultivating the habit of farming among students. With the depletion of natural resources day by day and adulterated products being available at the market, we believe Vidhaithu payir will definitely bring in a change.

Each student is requested to bring a pot with seeds (vegetables / greens) of their choice separately, which shall be sowed and nurtured by the children themselves. As and when there is a yield the students are free to take their produce home. This initiative shall be done collectively by the students and staff of KVM thereby targeting 1100 pots of different varieties of vegetables and greens.

There shall be a formal inauguration on the 16th of July at our school premises. The students are hence requested to submit their pots on or before 11th July 2019.

As parents, we request you to cooperate by sending a pot labeled with the child's name and seeds in a cover thereby extending us your support in this journey.
