

## Dear Parents

Welcome to the new academic year!

As we are set for yet another exciting journey, let us keep in mind that the virus is still out there with loose ends and we have to continue to face it boldly and wisely. With the government orders and elections happenings we are still unsure as to when the schools would reopen. Time and tide wait for none as they say; let us not wait and set our sail.

It is decided that the **online classes would commence from 1st April 2021 (Thursday)**. However to make it convenient for all of us, we have come up with a schedule considering the working time of parents as well as the best interests of the students. We seek your fullest cooperation in executing the same. The schedule is as follows.

We would be posting the timetable shortly and with the implementation of NEP there shall be a change in curriculum hence we urge you **not to buy the books** until we issue the book list. You might wonder how learning would happen without books. As per the NEP there are certain skill sets and learning outcomes which each child is expected to possess and be aware of respectively. Classes from 1st April - 25th April 2021 shall be a Bridge course to achieve these outcomes. Our teachers are well planned with the course of action and we expect your support by providing your child a conducive ambience and a stable internet connection to facilitate the learning process.
